VERSALINE

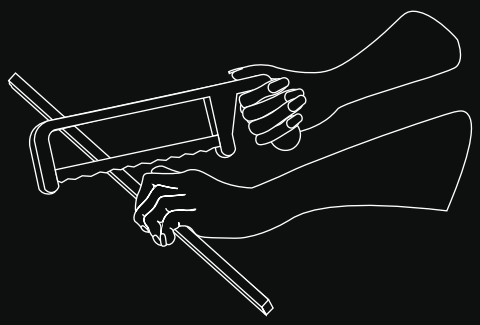

Criatividade sem barreiras
Creativity without limits

A colecção VERSALINE chega para revolucionar a iluminação como a conhece! É uma solução inteligente, flexível e personalizável ao milímetro, optimizada para iluminar e criar espaços modernos, práticos e sofisticados.
Cada perfil de alumínio de 3 metros, com difusor opalino, integra um LED inovador que pode ser cortado em qualquer ponto sem desperdício e sem perda de desempenho.
O sistema de alimentação de fácil utilização permite transformar cada segmento numa luminária única, feita à medida.
VERSALINE é tecnologia LED: iluminação contínua, intensa e sem sombras, ideal para projetos criativos que exigem precisão e design exclusivo.

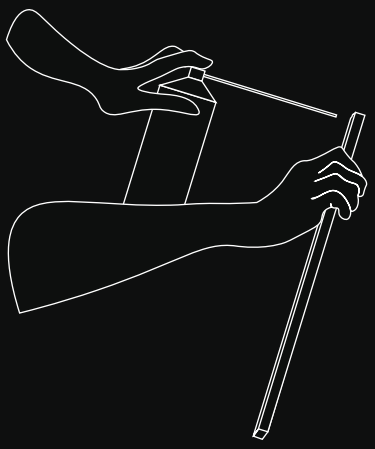

The VERSALINE collection arrives to revolutionize lighting as you know it!
It is an intelligent, flexible, and millimeter-precise solution, optimized to illuminate and create modern, practical, and sophisticated spaces.
Each 3-meter aluminum profile, with a polycarbonate cover, integrates an innovative LED that can be cut at any point with no waste and no loss of performance.
The easy-to-use power system makes it possible to transform each segment into a unique, tailor-made luminaire.
VERSALINE means LED technology: continuous, powerful, shadow-free lighting, ideal for creative projects that demand precision and exclusive design.

A instalação é MUITO FÁCIL!
VERY EASY installation!

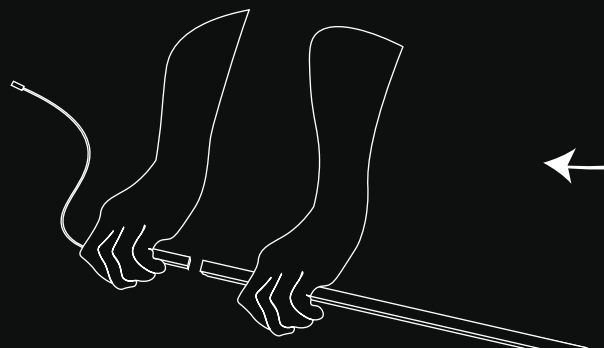

1

Corte o perfil , difusor e LED do tamanho desejado.
Cut the profile , diffuser and LED to the desired size.

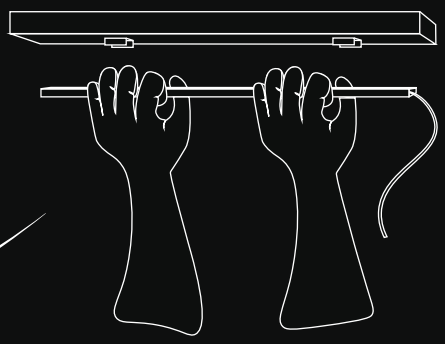

2

Limpe todos os resíduos resultantes do corte.
Clean up all debris resulting from cutting.

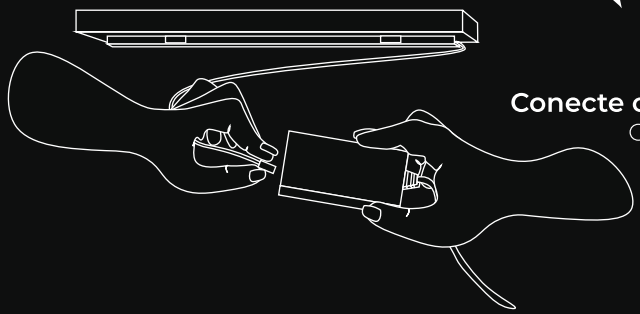

3

Conecte o alimentador com o perfil.
Connect the feeder with the profile.

4

Fixe o perfil aos clips instalados.
Fix the profile to the installed clips.

5

Conecte o alimentador com o transformador.
Connect the feeder to the driver.

11-13 ACESSÓRIOS LED VERSALINE
VERSALINE LED ACCESSORIES

LED VersaLine

Perfil de alumínio com LED integrado de corte livre;
Luz uniforme em toda a extensão do perfil (sem pontos ou sombras);
Difusor PC opalino com 3 posições para diferentes projecções de luz;
Possibilidade de regulação da intensidade luminosa
Sensor IR integrável (plug&play);
Acessórios “invisíveis” para uma interligação perfeita de vários módulos VERSALINE;
Clips de fixação para maior facilidade de instalação;

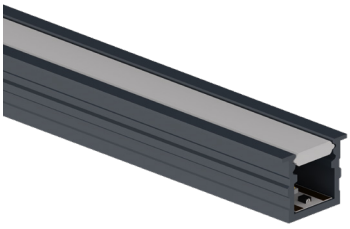

Aluminium profile with integrated free-cut LED;
Uniform light along the entire profile (no spots or shadows);
Opal polycarbonate diffuser with 3 positions for different light projections;
Dimmable light intensity;
Integrable IR sensor (plug & play);
Invisible accessories for seamless interconnection of multiple VERSALINE modules;
Mounting clips for easier installation;

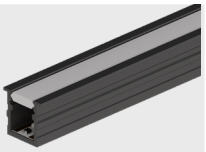

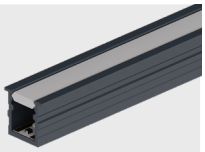

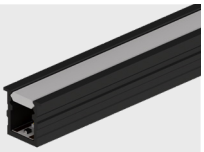

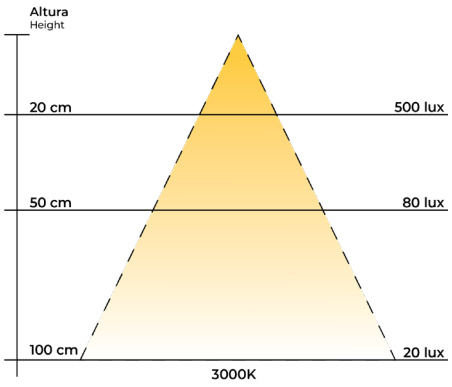

LED VersaLine V1

Luminária LED para corte sob medida, com sistema de conexão rápida.
Custom free cutting LED luminaire with quick connection system.
